WILLIAM BROWN DAY by Proclamation, is this **Sunday March 20th, 2022** (also the First Day of Spring) in honor of recently retired DPW maintenance worker William "Bill" Brown of Fitchville Road. We chose the First Day of Spring to also signify his "new" lifestyle. Town workers and Brown family members celebrated at a dinner held on Sunday March 6th at Roberto's Log Cabin restaurant in Lebanon. **CONGRATULATIONS BILL !!!**

There is a part-time opening for a **Transfer Station Attendant**. Contact Firstselectman@Bozrahct.org to obtain a job description and application.

The UConn T2 Training Institute /DOT has provided two portable solar digital **speed monitoring signs** that we can move about town to make residents aware of their actual speed. The units will also collect data and the information can become available to the State Police if so requested. We constantly get complaints of speeding and of vehicular passing on our narrow roadways. The signs will collect speed data whether illuminated or not. The visual speed readout will only display up to 20 MPH over the posted speed limit so that revelers cannot register a "top speed" by driving foolishly by them.

The **Bozrah Food and Energy Assistance Program** has received some generous contributions which is added to the Bozrah Light and Power Company's **WARM THY NEIGHBOR** matching funds program. We are all facing strain in both of these areas so it is heartwarming to know that we have a caring community that is willing to share.

EARTH DAY is on April 22, but it can be all year round. This is a designated day to acknowledge our precious environment and to do a positive act in continuing good stewardship. Consider a clean-up in your area or consider enrolling in our **Adopt-A-Road Program** or other "green" activity. Send us some pictures and let us know what you did so that we can "toot your horn".
